

W-Series Single Seat Valves

PRODUCT HIGHLIGHTS

WHY SPX FLOW?

Food and beverage processing has never been more challenging. Margins are being squeezed, food safety is paramount, and consumer demands for new products make formulation changes a regular occurrence. The SPX FLOW single seat valve line helps you meet these challenges head on, by providing a flexible valve design (modular bodies, actuators, and control tops) that is easy to maintain and gives you a very low cost of ownership due in part to minimal proprietary spare parts. When it comes to know-how, experience and product range within the field of valves, you won't find a better business partner than SPX FLOW.

FEATURES

- Machined from bar stock bodies
- Options for all applications
- No special tools required
- Large bearing surface area
- Minimal wear parts
- Non-proprietary repair parts

BENEFITS

- Robust & modular design
- Easy to maintain
- Long dependable life
- 3-A/FDA cleanable design
- Low cost of ownership
- Domestic manufacture and support
